ABOUT US

EXPERIENCE AND KNOWLEDGE

Our founder, Ranga Sumanasekara, has always lived by a simple belief.

"Follow your dream goal & push it to a finish. Do it with your heart, you will never go wrong."

With a strong passion for cars since early childhood, Ranga was driven to learn more about vehicles after leaving high school. He gained basic knowledge from leading automobile training institutes in Sri Lanka (initiated and founded by Japanese and German Governments). He subsequently completed his Automobile Engineering Degree in Russia and England.

Remarkably, he became qualified at an early age and gained experience working for several local and overseas motor companies. Having gained sufficient experience, he migrated to New Zealand to work under a reputable automotive company. After completing further examinations in New Zealand, he then became a vehicle inspector.

Now armed with a wealth of experience and knowledge, he decided to launch his own business. This was the beginning of Auto Connection.

WOF CHECK WHILE WAIT PRICE FROM **\$57.50**

A warrant of fitness (WoF) is a regular check to ensure that your vehicle meets required safety standards. It's your job to always keep your vehicle up to WoF condition. If you wait until the next inspection before replacing them, you increase your risk of having a crash or receiving a fine.

WHAT A WARRANT INSPECTION COVERS

The WoF inspection is a general safety check. The aspects checked are set out in our Vehicle inspection requirements manual(external link) (VIRM) and include:

- Tyre Condition (Including Tread Depth) •
 - Brake Operation •
 - Structural Condition (Rust Is Not Allowed In Certain Areas) •
 - Lights •
 - Glazing (Is Your Windscreen Safe?) •
 - Windscreen Washers and Wipers •
 - Doors (Do They Open and Close Safely?) •
 - Safety Belts (Must Not Be Damaged Or Overly Faded; Buckles Must Work Properly) •
 - Airbags (If Fitted) •
 - Peedometer (Must Be Working) •
 - Steering And Suspension (Must Be Safe and Secure) •
 - Exhaust •
- (There Must Be No Leaks and The Exhaust Must Not Be Smoky Or Louder Than The Original Exhaust System)
- Fuel System (There Must Be No Leaks) •

If you've modified your car, motorcycle, van or other light vehicle you may need a low volume vehicle certificate.

COF WHILE YOU WAIT PRICE FROM **\$66.00**

A certificate of fitness (CoF) is a regular check to ensure that your vehicle meets required safety standards. Vehicles requiring this certification are: ... all passenger service vehicles – taxis, shuttles and buses. rental vehicles.

WHAT A COF INSPECTION COVERS

Approved testing station inspectors check the aspects set out in our vehicle inspection requirements manual (external link)(VIRM) including:

- Tyre Condition (Including Tread Depth) •
 - Brake Condition and Operation •
 - Structural Condition (Rust Is Not Allowed In Certain Areas) •
 - Towing Connection Condition and Certification •
 - Load Restraints Such As Load Anchorages, Log Bolsters Or Curtain Systems For Condition And Applicable Certification •
 - Certificate Of Loading (Display And Validity) •
 - Transport Service Licence Number (If Required) •
 - Lights (Are All Bulbs Working? Do Lights Comply •
 - Glazing (Is Your Windscreen Safe?) •
 - Windscreen Washers and Wipers •
 - Doors (Do They Open and Close Safely?) •
 - Safety Belts (Must Not Be Faded Or Damaged, And Buckles Must Work Properly) •
 - Airbags (If Fitted) •
 - Speedometer (Must Be Working) •
 - Steering And Suspension (Must Be Safe and Secure) •
 - Exhaust •
- (There Must Be No Leaks and The Exhaust Must Not Be Smoky Or Louder Than The Original Exhaust System)
- Fuel System (There Must Be No Leaks) •

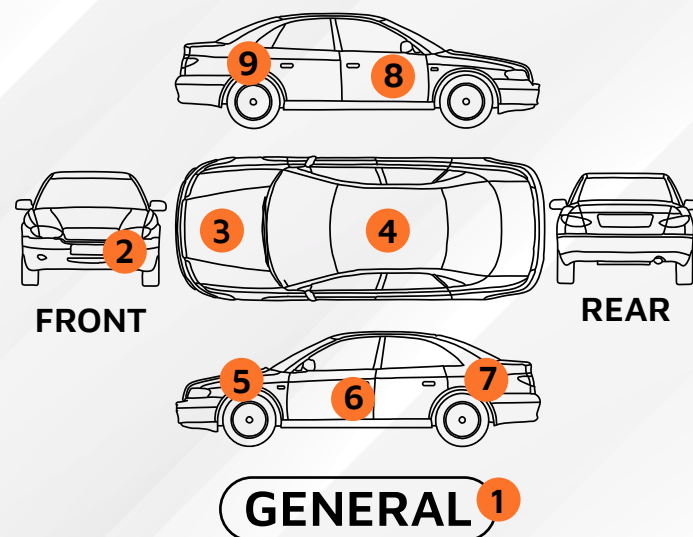

If your vehicle is required to operate under a transport service licence (eg goods vehicles 6000kg or over, vehicle recovery vehicles or large passenger vehicles) then you must provide your transport service licence number to the inspector before the CoF will be granted.

PRE PURCHASE INSPECTIONS FROM \$172.50

Before you buy a car, get it checked to find out more about its condition. An independent Auto Connection pre-purchase vehicle inspection lets you buy with confidence.

TESTIMONIALS

Keath Seto ★★★★★

Did a very good job, replacing all oils and filters and worn disc pads, smoothing disc and spark plugs (at 85K). Uses top ends oils and parts but let me know about the costs before proceeding. I was provided with a loan car. Car drives quietly and beautifully after service.

Services: Brakes, Oil change, Air & Cabin Filter

Ara0526 ★★★★★

Good service, highly recommended to everyone!

Services: Service: Brake service & repair

Farukh Mirza ★★★★★

Awesome service. Took my car for WOF and it was done super fast in 15 mins. And the team was really polite and helpful. Highly recommend.

Las Akurugoda ★★★★★

I have been a customer since 2011. The staff has been very helpful and provided me with advise and service having me as their best interest. They have helped me with loan car few times. I would strongly recommend Auto Connection to anyone who wants to get their cars fixed or checked up. Fantastic service.

Michael Fleming ★★★★★

When all others in Penrose were to busy being busy these guys, were able to fit a wof in immediately..

Well done.. Top service very accommodating..

TESTIMONIALS

Demin Cui ★★★★★

Did full service on my car , got the car back in a really good condition, very happy with the service, professionals , Top customer service from Abhi at Reception, highly recommended Auto Connection !

Mohammed Rashid ★★★★★

I would like to thank Auto Connction for a beautiful service they did on my car, they picked up my BMW got it sorted and dropped it back on time for me to get home, this is the best experience I have had with a work shop, will recommend to all my family and friends. Well done Auto Connction

Services: Transmission repair, Air & Cabin Filter, Check engine light diagnostic, Brake service & repair

Rudon Jr Occena ★★★★★

Always have may WOF done here. Very reliable shop. They also provide service vehicles

Joshin Jacob ★★★★★

Great satisfaction guaranteed. Team members at Auto Connection is highly skilled and informative, help's to understand what exactly need to be done and why to do so. Manager there, Mr. Abhijith is very kind and helpful in arranging the flexible schedules for the service. Once the technicians do a primary inspection he take it from there by detailing the inspection report to us. Suggestions and recommendations by him are highly remarkable and informative about the whole processes. Highly Recommended automotive service
